### Summer Camp 2024

Anthony Wayne Preschool is excited to offer Summer Camp 2024! The camp is available for 3-5 years old. We offer children full-day opportunities to learn in group experiences related to their spiritual, social, emotional, physical, and intellectual development. We provide your preschooler an opportunity to learn and grow in a developmentally appropriate environment rich with many areas of discovery for your child.

Every week of summer camp will explore different topics like gardening, cooking, camping, STEM, zoo, nature, etc. Planned lessons include experiences with various areas such as, dramatic play, rhythm songs, storytelling, observations of nature, games, and physical coordination activities. Every week we will also have a planned water day full of outside water activities. Involvement in these activities brings opportunities for the children to develop socially as they interact with their peers. Working well with their peers is a goal for all children. They learn to work and play independently and develop self-confidence.

Parents are informed daily through our communication app Lillio. This app allows for parents to see lessons, communicate with teachers, receive pictures, and track their daily needs such as toileting and eating habits.
